gracious leadership to that team and our community.

We watched with pride Sunday when this man showed that nice guys can finish first. His team came from eight points behind, withstood the weather and won the game. Coach Dungy, as the first African American coach to win a Super Bowl, provides the perfect start to the month-long celebration of Black History Month. His victory follows the march of other men and women who have stood up for justice and opened doors for others.

Congratulations to him and all that understand that perseverance and teamwork is the best answer to life's obstacles.

HONORING DR. DARRELL JOHN-SON, SUPERINTENDENT OF GREENWOOD SCHOOLS

(Mr. BARRETT of South Carolina asked and was given permission to address the House for 1 minute.)

Mr. BARRETT of South Carolina. Mr. Speaker, Dr. Darrell Johnson, the superintendent of Greenwood School District 50 for South Carolina, was quoted saying: "I pledge to do the best I can and work together as a team."

I would like to honor Dr. Johnson during February's Black History Month as a very notable and distinguished African American who has heavily impacted the Third Congressional District of South Carolina. Dr. Johnson's extensive background and his many leadership positions as a teacher, coach and administrator has laid the groundwork for him being named to the position of district superintendent.

Since 1991, Dr. Johnson worked for Rock Hill School District Three, beginning as assistant principal at the Rock Hill High School. After serving as assistant principal and principal for Sunset Park Elementary School, he moved to the district office in 1998 as director of student services. In 2001, he was named assistant superintendent.

His dedication to making a difference in education propelled him to earn his superintendent position, and rightfully so. I congratulate Darrell Johnson for being able to excel in this capacity where he may apply his natural ability to lead those who are most important to our future, our students.

HEALTH CARE REFORM

(Mr. MURPHY Connecticut asked and was given permission to address the House for 1 minute.)

Mr. MURPHY of Connecticut. Mr. Speaker, when it comes to health care, I agree with the President in one respect, it is time to start redistributing resources within our health care system. The problem comes when we talk about where we bring those resources from

The President's plan that he put before us in his State of the Union speech and in his budget presented to this House yesterday would take resources from families who have good insurance and give it to families who have no insurance.

I would propose instead, and many of my colleagues on this side of the aisle would propose instead, that we take resources from the HMOs that have enjoyed massive profits off our Medicare systems, to take money from the drug companies who have enjoyed the pleasure of not having to negotiate with the bulk purchasing power of the Federal Government, and redistribute resources from those that are making millions of dollars of profit off this system and put those resources into the hands of those who have nothing.

We can agree on some things. We can

We can agree on some things. We can agree that this health care system has to be made better. It is just a matter of where we take and who we give it to.

GO RED FOR WOMEN DAY AND THE AMERICAN HEART ASSOCIATION

(Mrs. CAPITO asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAPITO. Mr. Speaker, I rise today to recognize February as National Heart Month. Heart disease is the number one killer of women in America, taking the lives of nearly half a million women a year. That is one per minute.

It claims the lives of more women than the next five causes of death. In my home State of West Virginia, heart disease kills 12 women per day. That is 31 percent of all female deaths between the years of 1999 to 2003.

On February 2, people from across the Nation participated in Go Red for Women Day to support the fight against heart disease. Go Red for Women is the American Heart Association's nationwide movement that celebrates the energy, passion and power we have as women to band together and fight this disease.

Too few people realize the threat associated with heart disease. The good news is that heart disease can largely be prevented. By learning all of the serious health threats such as high blood pressure, high cholesterol, diabetes, obesity, we can work to reduce our risks.

Go Red for Women is an innovative way to raise awareness of heart disease, and 64 percent of women who died of coronary heart disease had no symptoms. We have to take action for our hearts. By joining together across America, we can help support ongoing research and education about women and heart disease. When we wear our red, it reminds us of our responsibility.

I urge my colleagues to join together in celebrating National Heart Health Month.

WASTEFUL SPENDING IN IRAQ

(Mr. GRIJALVA asked and was given permission to address the House for 1 minute.)

Mr. GRIJALVA. Mr. Speaker, as the President gets ready to ask this Congress for an additional \$145 billion to fund his efforts in Iraq and Afghanistan, a new report has come out showing tens of millions of dollars in wasteful spending by our government in Iraq.

Stuart Bowen, the Special Inspector General for Iraqi Reconstruction, released his quarterly report last week. It concluded that the \$300 billion U.S. war and reconstruction effort is plagued with waste, spiraling violence, and corruption. Among the worst misuses are \$43.8 million for a residential training camp that stands empty, about \$4.2 million for 20 VIP trailers and an Olympic-sized pool that was ordered by the Iraqi ministry of interior.

Perhaps the most disconcerting, however, is that our government spent \$36.4 million for armored vehicles, body armor and communications equipment that could greatly benefit our troops, but it is completely unaccounted for. Mr. Speaker, this abusive spending in Iraq must stop for the American taxpayer and for the troops.

LENAWEE COUNTY, ONE OF THE 100 BEST COMMUNITIES FOR YOUNG PEOPLE

(Mr. WALBERG asked and was given permission to address the House for 1 minute.)

Mr. WALBERG. Mr. Speaker, I come before the House today to draw attention to an honor recently received by my home community back in Lenawee County, Michigan. America's Promise—The Alliance for Youth, a foundation formed in 1997 to help children and youth from all socioeconomic sectors in the United States, recently named Lenawee County one of the 100 best communities for young people as part of its 10-year anniversary celebration.

The criteria for winning included strong community support of children and youth, possessing valuable resources for children and youth, youth and child outcomes, overall progress within communities, and innovations in the areas of policy, practice, and resources.

Communities in 38 States received this award and Lenawee County is one of the five communities in the Great Lakes State to be named a winner. This recognition is a tribute to all of the police officers, local officials, firefighters, outstanding teachers, community leaders and civil servants that make Lenawee County and south-central Michigan a great place to live.

DEPARTMENT OF PEACE AND NONVIOLENCE

(Mr. KUCINICH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KUCINICH. Mr. Speaker, yesterday a bill was introduced into the House of Representatives that gives
